After review and analysis, your score will either be:  
a) Classified as "valid" and your official exam result will be reported at <http://www.pearsonvue.com/authenticate>. You can view exam results by using the registration and validation numbers displayed in the left column within 72 hours of your exam session.  
b) Classified as indeterminate and you will be advised of the options for retaking the examination.
- If this exam completes a certification requirement, please allow 10 days for Cisco to receive your exam results. Then login to the Certification Tracking System at <http://www.cisco.com/go/certifications/login> to view your certification status. Ensure that your name and mailing address are correct. You will receive an email with instructions explaining how to obtain your certificate if applicable.
